

Upcoming Normandy Volunteer Needs

A key part of Junior Achievement's Capstone programs is the real-world experience of adult volunteers as they guide students through their visit to our facility. If you would like to be a part of this dynamic learning experience, we could use your help on the following days.

You would work with between four and seven students in **JA BizTown** or six to twelve students in **JA Finance Park** as they learn how an economy operates and strive to successfully make a business profit or balance a budget.
